

The Comparative Study

1) All will be completing the first 9 steps on the prep sheet.

2) While some of you may want to quickly go through the document and fill in boxes and just get things done – the purpose is to really explore and compare two films using what you know and have learned about films.

→ You really cannot exhaust your efforts, explore more, watch more, read more...

3) **This is an in-class assignment.** If you cannot finish the suggested benchmarks (in orange below), you may need to work at home – but with focus, you should be able to complete these initial steps within the school day.

You have four initial workdays with suggested benchmarks/targets for each day:

11/26	11/27	11/28	11/29	
(finish #1-4 on prep sheet)	(finish #5-6)	(finish #7, work on #8-9)	(work on/finish #8-9)	

Here is the Comparative Student Prep via [Google](#) or [Word](#) open it up and get working 😊
