

Grading Criteria for Non-Testers

(25 pts total in Projects category)

Thesis* of paper/trifold is clear (2)

Examples/observations from films **clearly relate to thesis** (5)

- remember, your main films must be from two different countries

Support from academic/professional resources (5)

Both options need a works cited:

- paper needs in-text citations and works cited at end
- trifold needs works cited on back (optional in-text citations on front)

Include reference to historical info on country's filmmaking traditions, etc. and to another historical period of film development (ie: German Expressionism, Golden Age of Hollywood)

Paper/trifold is **organized** (5)

- Paper: easy to follow/understand
- Trifold: clear and useful sections

'Presentation' of information for paper/trifold (5)

- Paper: proper MLA format and page length
- Trifold: appealing and informational

Appropriate use of **film language** (3)

*if thesis is too strong of a word, and makes you think of a lit. or social studies paper, maybe **theme** is a better way to think of it...?
