

Celtx wants you to purchase their “Pro” edition... you do NOT need to purchase anything as you can continue to use the screenwriting feature for free. That being said, they make it tricky. You will get to this screen once you log in and the two-week trial has passed. You need to scroll ALL the way to the bottom to the “No Thanks” button. Then you will see your project/s – and then your script.

BACK TO SCHOOL & BACK TO WORK LIMITED TIME SAVINGS

Your Trial Has Ended - Go Pro

To keep the cameras rolling, choose a plan that best suits your shoots.
