

## Think, Be Creative

Come up with a funny/happy conversation/scene AND a sad/depressing/angry conversation/ scene.

1. Can be real-life or fictional – but not a situation directly from a movie or book.
2. Write them down (just in note or paragraph form – actual dialog isn't necessary).

Make note of things like: Where are they? What is the topic? Context? etc.

**Due Wednesday, November 1 – before class begins, to turnitin.**
