

Your complete Independent Study is due Friday, January 12.

Your Independent Study is one document that contains:

- 1) 100 Word Rationale
 - nowhere should it say "thesis" or "question" (not even on the optional cover page)
- 2) 8-10 Page documentary script
- 3) Annotated Bibliography

Other notes:

- a) Do NOT put your name or the school name anywhere on your document
- b) You may include a cover page (like what you did for me on Monday, but it isn't required).
 - I had you do it so you thought about your thesis a little & so I could put it up
 - But again, NO: names, school name, the words thesis or question...
- c) You are turning this in to **Turnitin** by 10pm Friday.

Grading Reminder:

If you turn in the assignment on your due date, you will receive full credit (25/25) in Skyward for the Independent Study if you adhered to the following:

- 1) Meet the required length of 8-10 pages (with minimal to no punctuation/grammatical errors).
- 2) Have a clear rationale.
- 3) Include an annotated bibliography (with at least 4 sources, 2 print, 2 academic journals - no IMDB/Wikipedia)
- 4) Adhere to the required format: a) 12-point Courier font, b) single spacing, c) two-column A/V table format, d) 1-inch margins, page number at the top right, do not include your name.
- 5) Have a script that makes sense, is readable, and it is obvious that you have read my notes and considered what I have asked/suggested (you don't need to take all my suggestions, but consider them).
