

IB Film Testers: Production Portfolio

PART I Production Portfolio with Images

- 1) After you have completed your last required blog entries (#7 and #8)...
- 2) **Create ONE document** with all of your blog entries/images **following these specs**:
 - a) Create three distinct production phases with the headings **Pre-Production, Production, and Post-Production**
 - b) Place each entry (commentary AND images) in the appropriate phase.
 - c) Do not include any dates as headings, just the production phases.
 - d) If you do not have comments AND images for any of the three phases, you must add this.
 - your entries may not have equal commentary in each phase, that's fine; but there does need to be commentary & images for each
 - e) This needs to be a working electronic document, please don't save it as a PDF – use Google or Word.
- 3) Begin **editing** the entries within each phase of the production.
 - you read through the IB Portfolio and the assessment task again (the homework due Friday)...
 - begin to add/takeout/edit your commentary to complete assessment to the best of your ability
 - think about the word count (no less than 1000 words and no more than 1200 words), what's missing? what isn't necessary?
 - is your role highlighted and addressed throughout?
- 4) Add a rough draft of the **Rationale** (*that begins your Portfolio*) AND/OR your **Reflection** (*that concludes your Portfolio*).

This is due before class begins on Monday, 4/2. Send document or Google Doc link via email to: bacone@issaquah.wednet.edu
