

## Movies & Me

1. On only one side of a sheet of paper...
2. Include **on the top half, your full name, the movie name and a color picture of the movie** (a still image, a movie poster, a few pics of the main actors, etc.).
3. Then in the **lower half, type up your explanation of why/how the movie represents you.** Does it have special meaning? From a memorable time in your life? Are you like one of the characters?
