

Theme: Heroes Around Me

Juniors: by the end of today's class, you need to...

1) **Have a concept/idea** (a sentence or two) for the [PTA Reflections film](#)*.

2) **Have a plan** consisting of:

a. location/s of film

b. number of people needed (with names if possible)

c. props needed

d. equipment needed

e. a calendar (for the remainder of the school year and summer/fall)

- I need a due date from you (you are making it yourself, and I will try to help you meet it!)

- Four remaining class days:

Next Wednesday: May 16

Post senior finals: June 13 (38 min), June 14 (48 min), and June 15 (90 min)

3) Submit the above info on paper or via email by the end of class.

While you are not required to submit a film to the contest, you are required to have all of #1 and #2 above and work on the film on the four days indicated above – this is an opportunity to show off your skills and get state or nation-wide recognition for it.

Think hard and creatively about this, know you all can make a stellar film when you set yourself to do it.

*The *Reflections* film is an individual submission. If you choose to work with a small group, I need all to contribute to the above information AND I need to know the name of the one person in the group that would do the actual submission of the film (include this on your plan).
