1) Comment on at least four the films

- Commentary should be a paragraph (~3-4 sentences) for each of the four films
- Use film language!

2) Include a link to a film that you think the class should watch (meaning: it's a great film, it does a good job of using the camera to tell the story, the sound is perfect... etc.)

- You don't need to explain why it is a film the class should see, just the link.
