

THE END

Your last assignment: Add required information to these two slides on [PowerPoint](#) or [Google](#) ← **use these links!**

First Slide:

- a) Create a **title** for your list of favorite movies (the 5 to 10 movies you listed and were Kahoot-ed on).
→ try to be a little creative, maybe add your name? (see note about name on second slide*)
- b) Then add **your list** – but just the movie titles, not the commentary
→ you have the list somewhere in your email, but I also have the list of your titles [here](#) or via Word on the Public Server > IB Film > _The End > _Your Top 5....
- c) Make it **look good and readable**... change the font, placement, etc – but only use ONE slide for the list.

Second Slide:

- a) **Choose your limerick OR Haiku, edit as needed/wanted, and add it to the second slide.**
→ bonus point/s if you can expertly/seamlessly integrate film language (*I know I didn't ask you to do this yesterday, so if it doesn't work with your poem, please don't do it*)
- b) Make it **look good and readable** – and just use the one slide.
- c) *If your **name** wasn't part of your list on the first slide, please add a line to the end of your poem with just your initials.

Using PowerPoint – email me the file or save the PowerPoint to: Public Server > IB Film > _The End

Using Google – share Slides with me.

And one last thing – yep, a survey. But the last one ever for IB Film ☺ [Here it is, please be honest](#) (*I do take your comments and ideas seriously and try to make changes when possible*).

And now that's it...

Seniors: best wishes & keep in touch.

Juniors: see you tomorrow ☺ and next year ☺.

And all of you: THANK YOU!
